

Learning anytime, anywhere, just in time, and just enough – accessed over the Internet.

Build competencies you need for top performance in your current position

- Develop potential as you prepare for advanced assignments and promotions
- Learn skills that will help you develop your personal needs and interests

What are the benefits to Marshall's e-Learning courses?

- They are accessible **24 hours a day, seven days a week**, from computers on or off campus with access to the Internet
- You can pace yourself according to your **individual learning style, schedule, and expertise**.
- Need a quick solution? Find a **ten-minute topic** by entering a keyword in **Search-and-Learn™**, to **learn what you need to know, immediately**, to meet your most pressing need, whether that is a special project, or a particular issue for which you need some help.
- Courses are **easy to use and navigate**.
- **IT courses** are a **great reference** when you've started learning a new software program and want a quick introduction, or to expand your skills on programs you already familiar with.
- The course places a **bookmark** when you exit so that you return to your place the next time you log on.
- The courses are **Free!** Not only do you save on the cost of registration, but you save time in travel, the cost of an instructor, and the cost of books and materials.
- Print a **Job Aid** to help you apply new knowledge, or download a **SkillBrief** to your PDF!

How do I get started?
