U.S. Rep. Ralph Hall of Texas visits Marshall Thursday

On Thursday, U.S. Rep. Ralph Hall of Texas, the ranking minority member of the House Science Committee, will visit Marshall. He will receive briefings on the Center, Space Launch Initiative and science on the International Space Station. He also will visit the Structural Biology Lab and the Space Station Flight Hardware Facility.

Proposal lessons learned being presented Sept. 6

Proposal lessons learned will be presented from 8 a.m.-noon Sept. 6 in Bldg. 4200, room P110. Dennis Beebe and Al Casey, who conduct Red Team reviews of government proposals, will give insight into the analysis of Request for Proposal documentation, evaluation of draft proposals and presentation of evaluation results for action. To attend, register via AdminSTAR. For more information, call Vanessa Suggs at 544-7527.
