## **Center Program Seeks IDEAS of Marshall Employees, Contractors**

Marshall civil service and contractor employees have an informal way to make suggestions. It is called IDEAS and is available on the web. The IDEAS web site for submitting suggestions or viewing others' ideas is at "<http://www.msfc.nasa.gov/ideas>". It may also be accessed through the *Inside Marshall* homepage at "<http://www/inside>". All ideas are reviewed by an employee committee for possible action.
