Centerwide severe weather drill planned Wednesday

A Centerwide severe weather drill will be conducted Wednesday at 2 p.m. Employees should review emergency plans posted near entrances or elevators and familiarize themselves with location of protective area, fire equipment, evacuation route and outside assembly areas. The drill will be rescheduled in the event of inclement weather.

Employees asked to share Apollo 11 memories

The Marshall Star invites employees to share their recollections of Apollo 11. Write one or two sentences about where you were and how you felt when the Saturn V launch vehicle carrying the Apollo astronauts lifted off July 16, 1969, or when Neil Armstrong stepped on the Moon July 20. E-mail to Robert Jaques by close of business Friday. The Star will publish recollections in its July 15 issue.

Apollo 11 Factoid

The Cuban government did not jam Voice of America radio broadcasts during the Apollo 11 lunar landing. Remember to mark calendars for Marshall's Apollo 11 anniversary celebration and picnic July 17.

Marshall Assoc. meets July 13. For reservations, e-mail Efrem Hanson
