Marshall to Host Workshop on Solar Energy Propulsion Systems

Marshall will host a workshop Wednesday and Thursday to review and explore new technologies in solar thermal propulsion. A system using this method of propulsion could use the sun's energy to fuel a future spacecraft. Representatives of NASA and other government agencies, industry and universities are expected to attend. Presentations will be made in Bldg. 4200, Room G-13. Exhibits will be displayed in the lobby of Bldg. 4200. **Contact:** Saroj Patel, 4-0591.

Briefings on MSL-1 Mission Begin at 8:30 a.m. Tues. On NASA TV

Procurement Personnel Attending Briefing and Training Sessions

The Marshall Procurement Office, along with other NASA field center procurement offices, is participating in Acquisition Reform Stand-Down activities Monday. Personnel are attending briefings and training sessions on procurement issues. An agenda is on the *Inside Marshall Web* page at "<http://www/inside>." Sessions are being held in Bldg. 4200, Room G-13, and are open to all Marshall employees. **Contact:** Mellina Hudgins, 4-0261.
