## **AXAF Assembly Completed**

Assembly of the world's most powerful X-ray telescope, the Marshall-managed Advanced X-ray Astrophysics Facility, was completed last week with the installation of its power-generating twin solar panels. AXAF will conduct comprehensive studies of the universe and is scheduled for launch aboard STS-93 in December.

## **Rebroadcast of Center Director's Employee Update Set for Center-wide TV 1:30 p.m., Mon.**

## **Bldg. 4200 South Parking Closed for Painting Sat.**

## **Dial 911 to Report Fire in Bldg. 4200 During Alarm System Update**

The fire alarm system in Bldg. 4200 will be disabled through mid-April to allow for the installation, activation and checkout of a new fire alarm system. Employees of Bldg. 4200 should call 911 to report a fire while the fire alarm system is upgraded. The Emergency Warning System will be used to broadcast an alarm within the building in case of fire.

## **Toastmasters Mtg. Set for Tues.**

The NASA Lunar Nooners Toastmasters Club will meet at 11:30 a.m. Tuesday in Bldg. 4610's conference room. All Marshall employees, contractors and friends are invited to attend. **Contact:** Lee Johns, 4-5142.
