Marshall to Host U.S. - Russian Space Symposium Nov. 10 - 14

Marshall's Microgravity Research Program Office will host an international symposium showcasing the results of Russian space research sponsored by NASA, Nov. 10 - 14, at the Marriott in Huntsville. Approximately 50 Russian researchers will present findings from studies funded under Phase 1 of the International Space Station Program. Marshall is hosting the symposium for NASA's Office of Life and Microgravity Sciences and Applications. More information is on the web at <http://www.stacresearch.org>. **Contact:** Dan Woodard, 4-7381.
