## **Leonid Meteor shower to star in Tuesday morning skies**

The 1998 Leonid meteors are on their way. During the early-morning hours on Tuesday, Nov. 17, bits and pieces of periodic comet Tempel-Tuttle will hurtle at 158,000 mph into the Earth's atmosphere, creating a spectacular display. The Leonids are best viewed from 2 a.m.-dawn Tuesday. More information about meteors and viewing the Leonids may be found at the following Web site:  
<http://science.nasa.gov>.

## **American Education Week is Nov. 15-21**

## **November is National Native American Indian Heritage Month**
