Metals, materials databases now available online

Individuals operating in the <nasa.gov> domain now have unlimited access online to metals and materials databases. This is an initial effort to implement a NASA-wide full-text technical standards system. These databases may be accessed at: <http://standards.nasa.gov> under the menu title, "Metals/Materials Databases." For more information, call Kalpana Shiva at 544-1981.

**MESA meets
