Procedure NTDPR6RG; statement 3260; error code 1301. Also, when a fiscal year is entered in the FY field, and the enter key is pressed, the course end dates range is populated with ending dates for the next fiscal year instead of the one entered. Example: if FY 98 is entered the end dates are populated with 10/01/1998 to 09/30/1999 which are date for FY99 not FY98.		Correct the system so that it does not abend when using FY99.
